

Your clients are losing revenue to prior auth denials.

We recover it for them.

MedMojo™ is an AI-powered prior authorization and denial management platform built exclusively for independent specialty practices. We partner with RCM companies, medical billing firms, and practice management consultants to add prior auth intelligence to their service offering — the upstream gap most billing operations don't touch.

THREE WAYS TO PARTNER — CHOOSE WHAT FITS YOUR BUSINESS

MODEL 01

Referral Partner

Introductions Only

You refer independent specialty practices to MedMojo™. We handle the demo, onboarding, and relationship. You earn a fee for every practice that signs — no ongoing involvement required.

ECONOMICS

Per signed pilot BAA\$150

Per paying conversion1 mo. subscription

Best for:

Practice management consultants, individual advisors, and anyone who makes warm introductions but does not want ongoing involvement.

MODEL 02

Endorsed Partner

Formal Recommendation

You formally recommend MedMojo™ to your entire client base as a preferred tool. Your clients get a preferred rate. You earn a referral fee on every conversion — and your service offering becomes more comprehensive.

ECONOMICS

Client preferred rate\$249/mo

Per paying conversion1 mo. subscription

Best for:

Established RCM firms and billing companies with an active client base who want to add value without changing their core service model.

MODEL 03

White Label Partner

Your Brand. Our Engine.

You offer AI-powered prior authorization management as your own service. MedMojo™ powers it invisibly. You set your retail rate, own the client relationship, and keep the margin. We handle the technology.

ECONOMICS

Wholesale rate to you\$179/mo per practice

You set retail rateYou keep the margin

Best for:

RCM companies and billing firms that want to add a new revenue stream and deepen client retention by owning more of the practice workflow.

THE RIGHT PARTNER SERVES...

- ✓ Independent specialty practices in rheumatology, dermatology, gastroenterology, endocrinology, urology, or neurology
- ✓ Practices that handle prior authorization in-house or struggle with denial management
- ✓ US-based operations with HIPAA-compliant infrastructure and signed BAA capability
- ✓ 10 to 200 independent practice clients in your current book

WHAT MEDMOJO™ PROVIDES

- ✓ AI-generated prior auth submissions in payer-specific clinical language
- ✓ Denial appeal letters that cross-reference the payer's own criteria
- ✓ Real-time deadline tracking with email and SMS alerts
- ✓ HIPAA-compliant infrastructure on Microsoft Azure. BAA included.
- ✓ Free 3-month pilot for qualifying practices. No contract.
